ADMISSIONS CRITERIA FOR 2022

A place of quality, a place to grow, from hope to action through knowledge

General Admissions Criteria for 2022

The minimum admission requirement is a National Senior Certificate (NSC) Bachelors pass - an achievement rating of 4 (adequate achievement 50-59%) or better in four subjects chosen from the recognised 20 credit NSC subjects.

UWC Points System

For admission to degree and diploma programmes UWC uses a weighted system for calculating points. In order to be admitted to degree studies the candidate should have attained a minimum number of points.

Refer to each programme on the reverse side of this pamphlet to determine the number of points required. The attached table indicates how points are allocated.

In addition to point score requirements mentioned above, additional criteria must be met to qualify for admission to particular study programmes. Specific programme admission requirements can be found under each faculty below.

Note Carefully: This brochure provides information about the UWC mainstream and extended programmes. Applicants can only apply for the mainstream programmes. They are invited to be part of the extended programmes.
